## Pennsylvania Dealer Burglary 1.21.2016

National Equipment Register was recently notified of the January 21 burglary of a new equipment dealership in Allentown, Pennsylvania, when several Utility Vehicles and a Zero Turn Mower were taken.

Though this is an older incident, it illustrates the continued targeting of new equipment at dealerships and rental businesses. The equipment industry and area Law Enforcement are encouraged to increase their vigilance on these highly sought after machines. See [NER's Equipment Business Burglary Advisory](#) for common sense steps to reduce vulnerability and increase awareness.
